Subject: Factory Cat Scrubbers

To whom it may concern:

Swire Coca Cola USA headquartered out of Draper Utah, with 27 locations in the 10 western states have been purchasing Factory Cat Floor Scrubbers from Intermountain Sweeper in Salt Lake City Utah since 1995.

We have purchased both walk-behinds as well as riding scrubbers with the total quantity of 50 plus Scrubbers.

The Machine reliability has been excellent if you factor out damage caused by operator error. Intermountain Sweeper, Factory Cat, Sales, Service and Parts Department has excelled in all areas and at times exceeded my expectations.

I would very highly recommend Factory Cat as your choice of Floor Scrubber as it has been mine for 15 Years and I do not expect any deviations from what I have purchased in the past.

Sincerely  
Corporate Fleet Manager
